

Vibrant Success

Brihaspathi Technologies delivers CCTV Surveillance Security Project at Kondagattu Anjaneya Swamy Devasthanam in a record time

This prestigious **CCTV Surveillance** Project is located in Mallial Mandal, Jagtial District, Telangana.

Brihaspathi Technologies is recognized and renowned for its precedence in providing end-to-end, competitive and innovative CCTV surveillance systems to public and private sectors. With a vibrant PAN India presence, Brihaspathi's list of clients include big names across India' economic, financial, strategic, educational and cultural fields.

The magnificent and spectacular CCTV surveillance project at Kondagattu Anjaneya Swamy Devasthanam (Temple) stands as the first-in-first of all the surveillance projects accomplished for more than 10,000 clients. The Highlights of this Project are resoundingly evident as, completion of the Work Order within a week. This included Cabling, Installation and Cameras setup.

“ It was a race with time, as the Anjaneya Swami Jayanti Utsavam was conducted from 23rd May to 25th May 2022. So, in a record time the technical team of Brihaspathi had to complete the installation work of 100+ CCTV systems. Our team rose to the challenge and completed it within one week, i.e. 15th to 22nd May 2022. This is just before the start of the Anjaneya Swamy Jayanthi Utsavam.”

➤ A total of 100+ IP Cameras and 5 ANPR Cameras were installed in and around the temple.

➤ 2' 60 Inches 4k Android TVs were installed in the Temple's Control Room to Monitor all Cameras.

CCTV SURVEILLANCE

The CCTV surveillance systems were installed at all the strategic locations for complete and round the clock monitoring. These CCTVs were installed at

- Entrance 3 roads circle
- Police Checkpost
- Inside the Temple at the Garbha Griha (Idol Room)
- Temple surroundings
- Vehicle Parking Area
- Canteen Area
- Temple Entrance

The team of technical experts used the latest and innovative CCTV surveillance systems.

These included,

- 64+64 channel NVR
- 8TB HDD and Cat 6 cable
- 24 Port POE switches
- 4 Port Gigabyte Switch

With Make in India Initiative as the foundation of all that we do, we aim to make all public offices, private establishment, cultural societies and gated communities safe and secure with the installation of the latest CCTV surveillance systems. Understandably, the safety and security of each citizen and their properties across India has a deep bearing on the progress and development of the nation.

By keeping a check on the trouble seekers, Brihaspathi Technologies ushers a healthy, conducive and congenial environment for people to pursue their cherished professional and business goals and progress in life.
