NOTE - 19: Significant Accounting Policies & Notes on Accounts

i. Basis of Preparation of financial Statements:

The financial statements have been prepared to comply in all material respects with the mandatory Accounting Standards notified by Companies (Accounts) Rules, 2014, (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on an accrual basis in accordance with the accounting principles generally accepted in India. The accounting policy has been consistently applied by the Company

ii. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

iii. Fixed Assets & Depreciation:

Fixed assets are carried at the cost of acquisition or construction less accumulated depreciation. The cost of fixed assets includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets. Borrowing costs directly attributable to acquisition or construction of those fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalized.

The cost of fixed assets not ready for their intended use before such date is disclosed under capital workinprogress.

Depreciation is provided from the date the assets are ready to be put to use, on Written Down Value method as per the useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013.

iv. Revenue Recognition:

Revenue from sale of goods and services is recognized when significant risks and rewards in respect of ownership of products are transferred to customers. All revenues and expenses are accounted on accrual basis except to the extent stated otherwise.

v. Income Tax Expenses:

Current tax is the amount of tax payable on the Taxable Income for the year, as determined in accordance with the provisions of Income Tax Act.

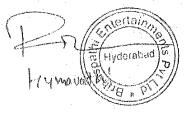

vi. Provisions and Contingent Liabilities .:

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a future obligation or a present obligation that may, but probably will not, require an outflow of resources.

vii. Earnings per share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

viii. Related party transactions

As a matter of policy, your company carried out transactions with related parties on an arms-length basis. Statement of these transactions is given in Notes on Accounts in compliance with accounting standards.

ix. Payments to Auditors

a. Audit Fees - 2021-22 (in Rs.)
